

Get the most from your veranda, skylight or rooflight with VZ080-ZIP blinds. Enjoy the perfect amount of shade beneath this great example of timeless design. It will never get too hot. You can, if you like, completely block out the sun with this ingenious design. A dream for late risers! Typically, the compact box contributes to a sophisticated look.

#### Unique properties: sun protection VZ080-ZIP

Fully closed box: keeps the fabric bright for years

Taut fabric, courtesy of the innovative ZIP system

Super compact box: 134 mm x 118 mm (WxH)

The ultimate in control convenience, from your smartphone or tablet

Ideal for large expanses of glass up to 25 m<sup>2</sup> in one frame

No light exposure between the guide rail and the fabric

Extension pole runs to the end of the guide rails

Reduced sunlight on the vertical glass surfaces, thanks to the overhang

#### Canvasses that perfectly match your exterior joinery

All RAL colours at a standard price. Harol also offers the standard textured coating colours from these window manufacturers at no extra cost:

# **Construction options**

Sideways

Inside sun protection

Top-down

Surface-mounted

Built-in

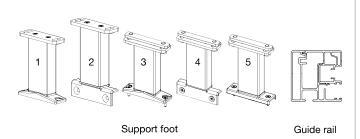

**Finstral** 

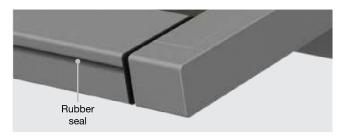

### Flexible mounting options

135 mm

### Perfect blackout: the fabric closes completely

Thanks to the innovative zip system and the extension pole that reaches to the extreme ends of the guide rails.
